

The 2025 Greece High School Scholastic A Winterguard will be presenting their show entitled “**Elements**”. This unique show will portray all of the different pieces of equipment that construct the rifle, saber and flag.

The most obvious is the rifle, made up of the “**bolt**”, the “**barrel**” and the “**strap**”. The music for this section is the well known “**Young People Guide to the Orchestra**” by Benjamin Britten. Next is followed by the more delicate piece of equipment, the saber ,which is composed of the “**handle**”, the “**hilt**” and the “**blade**”. The music associated with this section is “Ode to Joy” by Beethoven.

The show explains those elements and how they are all put together to make a single piece of equipment.

The music is recomposed and mixed by Ron Keck from Subcat Studio. The colorguard is under the direction of Kristen Costa. Show design is by Vinnie Monacelli. Staff includes Sasha Cavallaro, Ireland Conrow, Kendall Mueller, Kelly Krieser, Micheal King and Sophia Campanella. Show consultant is Scott Chandler. The Band Director is Brian King.

The group would like to thank the Greece Central School District and Greece Marching Band Boosters for all of their support.
